

# Shivshankar Dhareppa Mali

*Aspiring Data Analyst — Full Stack Developer — CSE Undergrad (2027)*

Pune, Maharashtra – 412207, India

+91 9370717823 — shivashankarmali7@gmail.com — LinkedIn — GitHub — LeetCode

## Summary

---

Third-Year Computer Engineering student with practical experience in **Full-Stack Development, Data Analytics, and backend systems**. Built and deployed real-world applications through internships, hackathons, and collaborative projects using **Java, Python, Django, Laravel, and MySQL**. Strong problem-solving abilities with a focus on writing clean, efficient, and user-centric software solutions.

## Technical Skills

---

**Languages:** Java, Python, C++, JavaScript, SQL

**Web & Frameworks:** HTML, CSS, Django, Laravel, REST APIs

**Databases:** MySQL, JDBC

**Tools:** Git, GitHub, VS Code, XAMPP, Power BI, PyCharm

**Core Concepts:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Software Engineering

## Education

---

**JSPM's Bhivarabai Sawant Institute of Technology & Research (SPPU)**

Wagholi, Pune

*Bachelor of Engineering in Computer Engineering*

**Aug 2023 – Expected 2027**

FY GPA: 10/10 — SY GPA: 9.31/10

**Jogeshwari Mata Junior College (Science – HSC)**

Pune, India

*Higher Secondary Certificate (12th)*

**Jan 2022 – Feb 2023**

Percentage: 65.50% — MH-CET: 92.90%

**Janata Vidyalaya Pimpri Sandas**

Pune, India

*Secondary School Certificate (10th)*

**Jan 2016 – Jun 2021**

Percentage: 84.81%

## Projects

---

*GitHub: <https://github.com/shiv123-coder>*

**Restaurant E-Commerce System**

*Laravel, PHP, MySQL*

• Developed a full-stack food ordering and restaurant management platform with menu browsing, cart, order placement, and admin dashboard features. • Designed secure authentication, CRUD operations, and real-time database integration to manage orders, inventory, and users.

**LearnSphere – Course Selling Platform (Hackathon)**

*HTML, CSS, JavaScript*

• Built a responsive e-learning marketplace enabling course discovery, filtering, and enrollment with dynamic and interactive UI components. • Delivered a functional prototype within strict hackathon timelines, focusing on performance, usability, and seamless user experience.

**Pharmacy Management System**

*Python, Django, MySQL*

• Engineered an inventory, prescription, and billing system with role-based access control for efficient pharmacy operations. • Integrated Django backend with MySQL to automate reports, maintain records, and ensure secure and reliable data management.

## Internships

---

**Java & DSA Intern – Talent Battle Pvt. Ltd.**

*Jul 2025 – Jul 2025*

• Strengthened core Java and OOP concepts; implemented Arrays, Linked Lists, Stacks, Queues, Trees, and Sorting algorithms. • Solved real-world coding problems and optimized time/space complexity through structured DSA practice. • Built modular programs following clean code and industry best practices.

## Hackathons

---

### UIDAI Data Hackathon 2026

*Python, Pandas, Excel, Power BI*

- Processed and cleaned large-scale datasets using Pandas and Excel to ensure high data accuracy and consistency.
- Built interactive Power BI dashboards to visualize demographic and authentication insights for data-driven decisions.

### Gemini 3 Hackathon – LearnSphere (E-learning Platform)

*HTML, CSS, JavaScript*

- Developed a responsive course marketplace with dynamic search, filtering, and modern UI components.
- Delivered a working prototype within hackathon timelines through rapid development and team collaboration.

### PANDORA AI Pitch Deck Hackathon 2026

*AI, Automation, Analytics*

- Designing an AI-based solution to automate campus/service workflows with real-time insights and optimization.
- Working on rapid prototyping, problem analysis, and solution presentation in a competitive team environment.

## Certifications

---

- Databases for Developers – Oracle Corporation
- Introduction to Front-End Development – Simplilearn
- Career Essentials in Cybersecurity – Microsoft & LinkedIn Learning
- SQL Fundamentals (SkillUp)
- Java & DSA Internship Certification – Talent Battle Pvt. Ltd.

## Accomplishments

---

- Secured Global Rank 2142 in TCS CodeVita – International Coding Contest by Tata Consultancy Services (TCS)
- Earned 50 Days Coding Badge on LeetCode for consistent Data Structures & Algorithms problem solving
- Participated in national-level hackathons including UIDAI Data Hackathon, Gemini 3, and PANDORA AI Hackathon
- Developed and maintained 14+ technical projects across Full-Stack, Java, Django, and Database systems on GitHub
- Successfully completed Java & DSA internship, strengthening problem-solving and software development skills
